

A new generation of engineered flooring that honours the beauty and elegance of Australian hardwood

INCREASED STABILITY IN STRUCTURE AND VENEER

These new generation Australian hardwood veneers offer supreme quality, and when they are combined with a specially designed substrate, the traditional concerns with surface checking, cupping and expansion are removed.

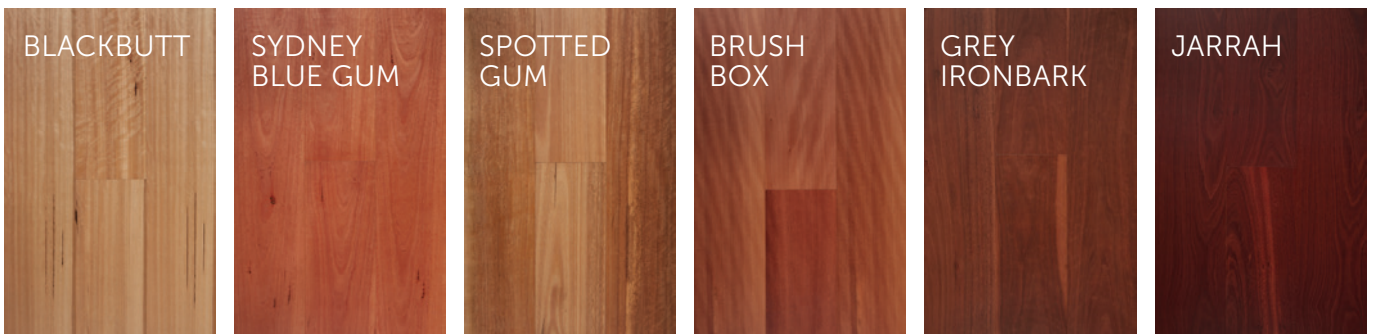

WIDE BOARDS

Stockmans Ridge matte flooring comes in an extra-wide 186mm board presenting the full beauty and elegance of Australian hardwood.

TOUGHER SURFACE COATING

A new 'Platinum Coating Technology' takes scratch and dent resistance to a higher level.

Now available in a range of classic Australian timbers
