

NEW

Form-on smartPROPplus 30

-  long lifespan
-  safe working conditions
-  consistently high load capacity

FORM-ON[®]

Form-on smartPROPplus 30

Your benefits:

- operational safety thanks to consistently high load capacity in accordance with EN 1065 - Class C/E
- prop retains its value for many years thanks to high-quality production and galvanisation
- reliability in many applications due to forged nut and 8 mm top- and foot-plate
- optimised thread pitch allows for quick and safe release of fixed prop
- safe working conditions thanks to handtrap-prevention and anti-drop-out latch

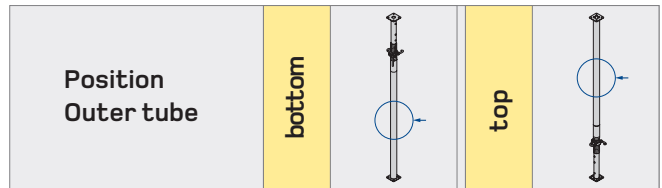

With your individual branding!

permissible load capacity (kN) depending on extension length and outer tube position (as per general building inspectorate approval Z-8.311-946)

TIP: Increased load capacity by flipping the prop used upside down

Technical specifications:

Certificate: Z-8.311-946

Load capacity: min. 30 kN at any extension length up to 41.2 kN depending on extension length

Standard: EN 1065 class C/E
